My Portfolio

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech (CSE)	Indian Institute of Technology, Jodhpur	CGPA: 8.51/10	Expected: 2027
Class 12th ISC	Girls' High School & College, Allahabad	99.5 %	2022
Class 10th ICSE	Girls' High School & College, Allahabad	97.0 %	2020

NOTABLE ACHIEVEMENTS

- **Class 12th** : Secured **AIR 2** in the **ISC Class 12th** Board Examinations.
Was awarded by the Hon'ble **Chief Minister** of Uttar Pradesh, Shri Yogi Adityanath Ji, with a tablet and cheque of Rs.1 lakh. 2022
- **JEE Mains** : Secured **98.01 percentile**, placing in the top 2% of 12,00,000+ candidates. 2023

PROJECTS

- **Kafka-inspired Distributed Event Streaming System** December 2025
Self Project [Github](#)
 - **Tools & technologies used:** Python, File I/O, OS-level File Locks (LOCK_EX, LOCK_UN), Concurrency Control
 - Designed a file-backed append-only event log inspired by Kafka with durable logging and crash safety using length-prefixed event storage to detect incomplete writes.
 - Implemented persistent consumer offsets enabling independent consumers and correct resumption after failure.
 - Designed hash-based partitioning and simulated consumer group partition distribution.
- **SmartChef : Smart Recipe Generator** March 2026
Self Project [Github](#)
 - **Tools & technologies used:** Flutter, FastAPI, Python, Google Gemini API, REST APIs
 - Built a full-stack mobile application to generate personalized recipes from user ingredients and cooking preferences.
 - Integrated a FastAPI backend with Google Gemini LLM to dynamically generate structured recipes including ingredients, steps, cooking time, and difficulty.
 - Designed a custom recipe ranking algorithm combining ingredient match, ease, time, and health scores.
- **MoodFlix : Emotion to Movie recommender** April 2025
Software Engineering Course Project [Github](#)
 - **Tools & technologies used:** Python, Flask, HTML, CSS, Embedding Models, HuggingFace
 - Developed a Flask-based web application to recommend movies using emotion detection from voice or text input via a HuggingFace Wav2Vec2 transformer model.
 - Integrated with TMDB database to fetch movie metadata and recommend the top 5 most relevant movies to the user.

KEY COURSES TAKEN

Introduction to CS — Grade: 10/10	Principles of Programming Languages — Grade: 10/10
Design & Analysis of Algorithms — Grade: 9/10	Operating Systems — Grade: 9/10
Software Engineering — Grade: 8/10	Computer Organization & Architecture — Grade: 8/10
Database Systems — Grade: 8/10	Pattern Recognition and ML — Grade: 8/10

TECHNICAL SKILLS

- **Programming and related concepts** : C, C++, Python, Javascript, OOPs
- **Worked with** : Flask, HTML, CSS, Django, React.js, SQL, Postgres, MongoDB, MongoDB Atlas
- **Computer Networks** : Basic networking concepts such as **OSI Model, TCP/IP, Routing Protocols, Subnets/Subnet masking**
- **Tools** : Github, Render, Google Colab

EXTRA-CURRICULAR ACTIVITIES

- **Active Member** of Music Society (SANGAM)), IIT Jodhpur Present
 - Performed in **Inter IIT** 2024 and 2025 in IIT Patna and IIT Kanpur respectively, and in inter-college fests as a **vocalist**.
